SUMMARY

Motivated Computer Applications student and MERN stack developer with hands-on experience in building full-stack web applications, admin dashboards, authentication systems, and responsive user interfaces. Quick learner, collaborative team player, and problem solver with strong interest in modern web development, REST APIs, and scalable real-world projects.

EDUCATION

Master of Computer Applications, Chandigarh Group of Colleges, Jhanjeri 2024-2026
CGPA: 7.20

Bachelor of Science in Information Technology, Swami Purnanand College, Uttarakhand 2021 – 2024
CGPA: 6.5

Higher Secondary (12th, Non-Medical), Oasis Sainik School, Rajasthan 2021
Percentage: 72%

Secondary School (10th), Nirmal Ashram Deepmala Public School, Uttarakhand 2019
Percentage: 74%

TRAINING & INTERNSHIP

Full Stack Web Development Intern (Remote), CodeTech IT Solutions Pvt. Ltd. Jan 2024 – Apr 2024

- Built full-stack applications using HTML, CSS, JavaScript, Node.js, Express, and MongoDB.
- Developed a real-time weather application using external APIs and a responsive user interface.
- Collaborated using Git, GitHub, and agile-style workflow for weekly progress tracking and reporting.
-

PROJECTS

- **Smart E-Voting System (MERN).** Developed a secure online voting platform with student and admin dashboards, election management, candidate handling, vote tracking, result analytics, and role-based access control using JWT authentication.

- **Talent Loop (MERN).** Built a role-based platform connecting learners and mentors with authentication, dashboards, course and progress workflows, and responsive user experience.

- **AI Virtual Assistant.** Developed a full-stack virtual assistant web application using React.js, Tailwind CSS, Node.js, Express.js, and MongoDB with JWT authentication, profile customization, and dynamic state management.

- **AI Website Builder.** Built an AI-powered website builder that generates website content and layouts through API integration, enabling users to create modern website output with an interactive editing workflow.

SKILLS

- Languages: C, C++, Python, HTML, CSS, JavaScript
- Frameworks/Libraries: React.js, Node.js, Express.js, Tailwind CSS, Bootstrap
- Databases: MongoDB, MySQL, Oracle
- Tools/Tech: Git, GitHub, VS Code, Thunder Client, REST APIs, JWT Authentication
- Soft Skills: Problem-solving, Critical thinking, Teamwork, Communication, Leadership

CERTIFICATIONS

- Complete Guide in HTML and CSS - Udemy (Build Responsive Website)
- React JS Certificate - Online Course (2025)

LEADERSHIP & EXTRACURRICULARS

- Actively engage in collaborative academic and project work, demonstrating team leadership and initiative in organizing group tasks.
- Maintain a GitHub portfolio showcasing personal and academic projects in full-stack and web development.
